Taking Your Fiber Arts to the Next Level

Knitting

Knitting Patterns Database

- ▶ Cost:
 - ▶ Lite Version: Free
 - ▶ Pro Version: \$5.99
- ▶ KPD is a free unique and comprehensive suite of tools designed for knitters & crocheters. KPD catalogues PDF patterns enabling you to find patterns that match your knitting requirements and more.
- ▶ One of the main functions is to add patterns to a database to which KPD automatically pre-fills fields such as: Gender, Garment Type, Yarn Type, Yarn Weight/Length, Needles, Gauge, Rating, Notes etc. which you can edit if required.

KnittingCalc

- ▶ Cost: Free
- ▶ KnittingCalc does common knitting calculations so you don't have to remember conversion factors and formulas. Converts between different lengths of yarn, using different units of measure. Also has a gauge calculator, to easily convert pattern cast-ons to match your knitting gauge.
